

GRANT #2

BRINGING YOUTH AND YOUNG ADULTS TO CHRIST

\$17,000

Grace Lutheran Church

Grass Valley, CA

For the past six years, Grace Lutheran has been operating an after school program, “The Hangout” for high school students. They average 20-40 students each day with over 25,000 visits since inception. They have provided students with a welcoming environment and parents with the secure knowledge their children are safe and participating in appropriate activities. This grant would provide the opportunity to increase their base to include college students and young adults, add nutritional support, expand activities, but most importantly, to call a deaconess/director with a love of Christ, trained in His service, to serve the community by bringing young men and women to Christ.
