

## GRANT #5

### UNEQUALLY YOKED RESOURCE KIT

\$6,100

Zion

Tarra Bella, CA

Across America, thousands of young adults who grew up in church are dating and considering marriage to a Muslim. Many of these are converting to become Muslims themselves. Look around while shopping and you will see Caucasian women wearing Muslim head covering. In most cases the woman became Muslim by marrying her Muslim husband. Christian families are devastated. The Scripture urges us that we are not to become “unequally yoked” through marriage to non-Christians (2 Cor 6:14). A growing number of young adults are dating and marrying Muslims, converting to Islam and putting themselves in painful traps of emotional and physical abuse, while becoming estranged from families, the church and Christ. The subtleness of the enemy is busy at work brainwashing people. We as Christians must stand against the attacks of the enemy. The “Unequally Yoked” resource kit was created to help pastors and families bring their children back to Christ, the church and their family. This mission grant project makes this educational resource and the intervention of counselors available to 50 CNH District churches and their members which includes teaching pastors how to use the material to minister to their members.
