

## GRANT #12

### TO ESTABLISH A LUTHERAN SEMINARY IN SIERRA LEONE

\$10,000

Trinity Lutheran

Palo Alto, CA

Christ Evangelical Lutheran Church—Sierra Leone (CELC-SL) seeks to train and equip pastors

and leaders for Ministry of the Gospel amid continual impoverished living conditions and financial hardship in their country. The Lutheran Church-Missouri Synod in recent years, due to financial constraints, reduced missionary and financial resources that have assisted the work of CELC-SL. Project: Pastoral Education, West Africa (PPEWA) has responded to requests of CELC-SL to provide additional advanced pastoral education services for their pastors and leaders. PPEWA has provided volunteer pastors to continue pastoral education programs. CELC-SL seeks to establish a seminary. This training has been established to provide educational instruction towards ordination and commissioning of future Lutheran pastors. The grant will help cover the travel expenses for the teaching teams to get to the seminary in Sierra Leone.
